Alessandro Linzi, PhD

Mathematician · Mathematics teacher · Researcher
alessandro.linzi.phd@icloud.com · Udine, Italy
linzialessandro.github.io/PersonalWebsite · github.com/linzialessandro · ORCID: 0000-0002-1422-7674 · LinkedIn

Appointments

ISIS Bonaldo Stringher (Udine) — Udine, Italy
Mathematics Teacher (class A026), full-time, 18 weekly hours — Nov 2025 – Present
First contract Nov 2025 – Jun 2026; current contract Sep 2026 – 30 Jun 2027.

ISIS Mattei Latisana — Latisana, Italy
Mathematics Teacher — Apr – Jun 2025

University of Nova Gorica — Nova Gorica, Slovenia
Assistant with PhD in the field of Mathematics — 2022 – 2024
Centre for Information Technologies and Applied Mathematics.

University of Szczecin — Szczecin, Poland
PhD Researcher and Teaching Assistant — 2018 – 2022
Supervised by Franz-Viktor Kuhlmann.

Universities of Florence and Udine — Florence / Udine, Italy
Teaching Assistant and Tutor — 2016 – 2018

Education and Qualifications

Università Telematica e-Campus
Italian secondary-school teaching habilitation (abilitazione), Class A026 — Mathematics — Jun 2026
Final exam 16 June 2026, grade 10/10; 60 CFU.

University of Szczecin — Szczecin, Poland
PhD in Mathematics (EU scholarship) — 2018 – 2022
Dissertation: *Algebraic hyperstructures in the model theory of valued fields.*

University of Florence — Florence, Italy
Master's in Mathematics, 110/110 cum laude — 2016 – 2018
University prize for exceptional performance.

University of Udine — Udine, Italy
Bachelor's in Mathematics — 2010 – 2015

Publications

2026 A. Linzi. A formal model of Cooperative Learning for Understanding and Epistemic Progress. *SN Social Sciences*. doi:10.1007/s43545-026-01807-9

2022 K. Kuhlmann, A. Linzi and H. Stojalowska. Orderings and valuations in hyperfields. *Journal of Algebra*. doi:10.1016/j.jalgebra.2022.08.006

2019 P. Blaszkiewicz, H. Cmiel, A. Linzi and P. Szewczyk. Oettli-Théra and Caristi-Kirk ball spaces and applications. *Journal of Fixed Point Theory and Applications*. doi:10.1007/s11784-019-0729-4

Preprints and submissions. A. Linzi, *Valued Mosaics*, arXiv:2608.10616 (2026); A. Linzi, *Finite-field Krasner quotients: isomorphism thresholds, characteristics, and censuses*, arXiv:2608.03625 (2026); A. Linzi, *L-Mosaics and Bounded Join-Semilattices in Isabelle/HOL*, arXiv:2509.19854 (2025); A. Linzi, *A Horn Theory of Fields and Certain Hyperfields* (submitted, 2026).

Service

Editor, *Mathematics* (MDPI). Referee for international journals.

Skills and Languages

Teaching: secondary-school and university mathematics · **Mathematics:** model theory, valued fields, hypercompositional algebra, mathematical logic · **Tools:** LaTeX

Interests: AI ethics, strategy, and industry; the theory of AI

Languages: Italian (native), English (fluent), Spanish (fluent), Slovenian (basic), Polish (basic)
